

About us

miteinanderleben e. V. is a non-profit organization working to promote and support social and professional participation in Pforzheim and Enzkreis.

With around 500 dedicated employees and consultants, we have been supporting people in the areas of early childhood help, youth social work, migration and disability empowerment since 1986. Volunteers are supported and coordinated through our volunteer agency.

Our top priority is to value people. We encourage personal responsibility and the greatest possible sense of independence, following the motto: As much help as necessary, as little help as possible.

In another tier of our organisation, miteinanderleben service gGmbH, we work to make it possible for people with special needs to be able to participate in professional life. Our range of services extends from operating canteens to running the restaurant EssEnz Inklusiv, and to managing underground garages, operating recycling centres in Enzkreis, maintaining green space and conserving nature, and operating our second-hand store mlkauf.
